

Even though we make donating to CCE easy, we understand that you may have additional questions regarding the donation process, tax deductions, and motor vehicle regulations. We've compiled a list of frequently asked questions to help provide answers to questions you may have about donating your used car, truck, RV, boat, camper or other vehicle.

If you have additional questions about our vehicle donation program, please call **866-392-4483**.

The Vehicle Donation Process

What do I need to donate my vehicle?

In most states you'll need the clear title to the vehicle – but if you do not have it, please call us anyway. It is possible that other arrangements may be made. Any lien holder listed on the title must be cleared and/or have an accompanying release by the bank. We have partnered with a nationwide organization (Donate for Charity Inc.) to handle this program. Their representatives are available seven days a week during regular hours of operation and can be reached toll-free at **866-392-4483**.

What types of vehicles do you accept?

All vehicles are considered! We strive to accept all types of donated vehicles, running or not, including cars, trucks, trailers, boats, RVs, motorcycles, campers, off-road vehicles, planes, and most other motorized vehicles. To find out if we can accept your vehicle, please complete our secure online vehicle donation form [HERE](#) or call toll-free at **866-392-4483**.

My car doesn't run or hasn't been used in years. Can I still donate it?

Yes! We accept most vehicles, running or not. However, it must be in one piece and towable, have an engine, and be tow truck accessible.

Can you pick up vehicles in all 50 states?

Yes! We can provide quick and convenient vehicle pick-up and towing just about anywhere in all 50 states.

How will my vehicle be picked up?

Once you have provided all necessary information via the online vehicle donation form or over the phone, arrangements will be made to have a licensed tow company pick up your vehicle at a time convenient for you. The vehicle will be picked up and taken to a nearby sale location at no cost to you.

How quickly can I have my vehicle picked up?

In most cases, once the donation record has been created, your vehicle can be scheduled for pickup at the initial phone call. In other cases, you will be contacted within two to three business days of submitting the online donation form to schedule a convenient appointment time.

What is done with donated vehicles?

Donate for Charity Inc. has a very large network of nationwide and independent suppliers to sell the vehicle and maximize donation proceeds.

Is my vehicle donation tax-deductible?

Yes! Vehicle donations are tax-deductible. Individual situations may vary. For specific tax-related questions, please consult your tax-advisor or refer to IRS Publication 4303.

How is the value of my tax deduction determined?

Most vehicles are sold through local auctions. According to IRS Guidelines, you may claim the fair market value for your donation up to the actual sale value. If your vehicle is sold for more than \$500, the maximum amount of your deduction will be the sales price of the vehicle which will be listed on your IRS Form 1098-C.

A special rule may apply if the donated vehicle sells for \$500 or less. In this case, a deduction for the lesser of the vehicle's fair market value on the date of the

contribution may be claimed, or \$500, provided you have written acknowledgement (i.e., the initial donation receipt or the thank you letter you receive once the donation process is complete).

Defining the Fair Market Value

The “fair market value” of a vehicle is the price that you could sell it for in its current condition to another individual, willing seller and willing buyer, and it represents the cash that you give up making a donation.
